

# Breathe

Paramore

1. I climb, I slip, I fall  
Reaching for your hands  
But I lay here all alone  
Sweating all your blood

If I could find out how  
To make you listen now  
Because I'm starving for you here  
With my undying love  
And I, I will

R: Breathe for love tomorrow  
Cause there's no hope for today  
Breathe for love tomorrow  
Cause maybe there's another way

2. = 1.

R: Breathe for love tomorrow... (2x)

3. I climb, I slip, I fall  
Into your empty hands  
But I lay here all alone  
Sweating all your blood
