

Fast in My Car

Paramore

Been through the wringer a couple times
I came out callous and cruel
And my two friends know this very well
Because they went through it too

The three of us were initiates
We had to learn how to deal
And when we spotted a second chance
We had to learn how to steal

Hollowed out and filled up with hate
All we want is you to give us a break

We're driving fast in my car
We've got our riot gear on but we just want to have fun
No we're not looking for violence, no oh oh oh
Tonight we want to have fun

No one's the same as they used to be
Much as we try to pretend
No one's as innocent as could be
We all fall short, we all sin

But now we aren't looking backward
We won't try raising the dead
We only see what's in front of us
We only see straight ahead

Hollowed out and filled up with hate
All we want is you to give us a break

We're driving fast in my car
We've got our riot gear on but we just want to have fun
No we're not looking for violence, no oh oh oh
Tonight we want to have fun

Get in my car and we'll drive around
We'll make believe we are free
Already proved we can tough it out

And we get along so sweetly

We're driving fast in my car
We've got our riot gear on but we just want to have fun
No we're not looking for violence, no oh oh oh
Tonight we want to have fun

We're driving fast in my car
We're driving fast in my car
No we're not looking for violence, no oh oh oh
We're driving fast in my car
And we just want to have fun
