1. What a shame we all became such fragile  
broken things A memory remains just a tiny spark  
I give it all my oxygen So let the flames begin  
So let the flames begin Oh, glory  
Oh, glory

R1: This is how we dance when  
When they try to take us down  
This is what will Oh, glory

2. Somewhere weakness is our strength  
And I'll die searching for it  
I can't let myself regret such selfishness  
My pain and all the trouble caused  
No matter how long I believe that there's hope  
Buried beneath it all and  
Hiding beneath it all, and  
Growing beneath it all, and...

R2: This is how we dance when  
When they try to take us down  
This is how we'll sing it  
This is how we'll stand when  
When they burn our houses down  
This is what will be Oh, glory
