

Oh Star

Paramore

1. Oh star fall down on me
Let me make a wish upon you
Hold on, let me think
Think of what I'm wishing for

R1: Wait, don't go away.
Just not yet.
Cause I thought, I had it.
But I forget.

R2: And I won't let you fall away,
From me. You will never fade.
And I won't let you fall away.
From me. You will never fade away from me.

2. And now I let my dreams consume me,
And tell me what to think.
But hold on, Hold on.
What am I dreaming?

R1: Wait, don't go away...

R2: And I won't let...
