

## Back for War

Parasite Inc.

No God damn rock stars  
No image at all  
Too cold for their sick industry

But hey as the phrase goes: "bad weeds grow tall"  
And we are back again!

We are back  
Back for...

War is the hole  
Suffering is the key  
The earache will still going on  
Consistent, annoying, suicide in your veins  
The inc is back again

No God damn rock stars  
No image at all  
Too cold for their sick industry  
But hey as the phrase goes: "bad weeds grow tall"  
And we are back again!

We are back

Back for war
