

# Unity

Pariah

There was a time when we could not rely  
On detente to remain intact  
Now looking back it all seems so absurd  
The balance, counter threats instead of words

If we could've seen the future to be  
Thirty years ago  
Yesterday's dreams are today's reality

One small step for a man  
One giant leap for mankind  
A step towards new frontiers  
Leaving the cold war behind

You say you don't believe this unity will last  
Nobody said it would be perfect  
Co-operate, initiate a new world police  
To crush any single threat to peace

If we could've seen the future to be  
Thirty years ago  
Yesterday's dreams are today's reality

One small step for a man  
One giant leap for mankind  
A step towards new frontiers  
Leaving the cold war behind
