

# Colour me Funky

Parliament

Nothing has changed (la, la, la)  
Even the bang remains the same  
(in the pocket, right smack dab in the socket)  
We still needs to funk  
(in the pocket, right smack dab in the socket)  
Woo, woo, woo, woo, woo-woo  
Nothing has changed (nothing has changed)  
(in the pocket, right smack dab in the socket)  
Or is the way that you picture me  
(in the pocket, right smack there in the socket)  
Colored by the way you've been treated in a situation that comes to mind  
Nothing has changed except for you and I  
Oh, no no no  
Please don't let the lights that blind  
Change the way you see me  
Don't let it change the way you see me  
There's a lot of time to move from town to town  
Lots of time to move from town to town  
Very seldom, I can settle down  
And I can't settle down  
No, no  
(right smack dab in the socket)  
We need the bomb (in the pocket, right smack dab in the socket)  
Gots to have the bomb (got to have the funk)  
We need the bomb (in the pocket, right smack dab in the socket)  
We need the funk, colour me funky  
Gots to have the bomb  
We need the bomb (in the pocket, right smack dab in the socket)  
Gots to have the bomb (got to have the funk)  
We need the bomb (in the pocket, right smack dab in the socket)  
Gots to have the bomb (colour me funky, we need the funk)  
We need the bomb (in the pocket, right smack dab in the socket)  
Gots to have the bomb  
Shine your light, shine your light on your funk  
We need the bomb (in the pocket, right smack dab in the socket)  
Gots to have the bomb (to have the funk, heyheyhey)  
We need the bomb  
Gots to have the bomb (heyheyhey)

Colored by the way you've been treated in a situation that comes to mind
