

Give Up the Funk (Tear the Roof off the Sucker)

Parliament

Seconds up and wakes me once again
Wants me up just like a good old friend
And I wait for sleep away in such a lovely day
Thinkin' maybe I should call you up and say
That I'd love to be with you today
Nothing much to do here anyway
Will you take me for a ride out to the country side
Spend this lovely day together you and I
I'm tryin to say, "I miss you baby"
I can't wait to be with you
Hey, my love I'm ready
To spend this lovely day with you
We could go out walkin' in the sun
Holding hands now wouldn't that be fun, oh
And shouldn't start to rain, well, head for home again
And watch the world go by together you and I
I'm tryin to say, "I miss you baby"
I can't wait to be with you
Hey, my love I'm ready
To spend this lovely day with you
Spend this lovely day
Spend this lovely day
With you
I'm tryin' to say, "I miss you baby"
I can't wait to be with you
Hey, hey, my love I'm ready
To spend this lovely day with you
Oh no baby, I can't wait to be with you
Hey, my love I'm ready
To spend this lovely day with you
Ooh baby, I can't wait to be with you
