

Anti-matter (edited By Sonny R.)

Parokya Ni Edgar

I have a Mormon friend from Makati
And he said he does not drink coffee
I said hey that's okay
You sleep better that way
You're my friend then that's all that should matter

I have a Muslim friend in New York
And she said she won't have any pork
I said hey that's okay
You'll stay healthy that way
You're my friend then that's all that should matter

I have a Christian friend from La Salle
At palagi siyang nagdarasal
Na sila ay manalo against Ateneo
He's my friend then that's all that should matter

One day I asked about what would they say
If I told them I think I am gay
They said hey it's okay
If you're happy that way
You're our friend and that's all that should matter
They said hey it's okay
We don't mind that your gay
You're our friend and that's all that should matter
