

## Anti-matter (edited By Sonny R.)

Parokya Ni Edgar

I have a Mormon friend from Makati  
And he said he does not drink coffee  
I said hey that's okay  
You sleep better that way  
You're my friend then that's all that should matter

I have a Muslim friend in New York  
And she said she won't have any pork  
I said hey that's okay  
You'll stay healthy that way  
You're my friend then that's all that should matter

I have a Christian friend from La Salle  
At palagi siyang nagdarasal  
Na sila ay manalo against Ateneo  
He's my friend then that's all that should matter

One day I asked about what would they say  
If I told them I think I am gay  
They said hey it's okay  
If you're happy that way  
You're our friend and that's all that should matter  
They said hey it's okay  
We don't mind that your gay  
You're our friend and that's all that should matter
