

## Dust

## Parquet Courts

It comes through the window  
It comes through the floor  
It comes through the roof  
And it comes through the door

Dust is everywhere  
Sweep  
Sweep  
Dust is everywhere  
Sweep

It sneaks in ignored  
It stacks up around  
It follows, now swallow  
You're biting it now

Suffocate, suffocate  
Breathe  
Dust is everywhere  
Sweep

It comes through the window  
It comes through the floor  
It comes through the roof  
And it comes through the door

Dust is everywhere  
Sweep  
Sweep  
Dust is everywhere  
Sweep
