

## Black Jeans

Parralox

I wear black jeans, on my ass  
I wear black jeans, when I dance  
You see me walking down the street  
And wonder if we'll ever meet  
I wear black jeans, cos I can!

Debutante, she's alone  
Don't cry now I'm coming home  
In my black jeans (oh oh)  
You make me feel so good  
In my black jeans (ohh)  
Like I knew you would

I wear black jeans, when I'm home  
I wear black jeans, on the phone  
but when my black jeans get too tight  
I think that maybe I just might  
Leave my black jeans o-o-on!
