

## Ghost Hamster

Parry Gripp

Late in the night, while the world sleeps  
You might hear a tiny distant wheel squeak  
And into the room of some boy or girl  
Pops a Habitrail tube from the nether world...

Then comes a specter from beyond the pale  
A fuzzy apparition, with a cute little tail  
His fog filled, haunted cage is lined  
With an old newspaper from 1989...

Listen young friends, for what I say is true  
You must treat your pet hamster as you would have him treat you  
Or fear that one day you'll hear a ghostly voice exclaim,  
"wooo... someone forgot to clean my cage..."

Ghost Ghost Ghost Ghost Ghost Ghost Hamster  
"wooo... my water bottle is empty..."

"won't somebody pet me?... wooo"

Ghost Hamster...
