

## Muffler Shop

Parry Gripp

When your car is too loud and you need some relief  
You're waking up the neighbors and they're giving you grief  
When you drive down the streets people run and hide  
You can't get another fix-it ticket tonight  
You gotta go to the muffler shop  
Gotta go to the muffler shop  
Gotta go to the muffler shop  
Gotta go to the muffler shop  
All right!  
Wow!
