

# Soccer Ball

Parry Gripp

Baby  
You broke my heart  
It's like you hit me in the face with a soccer ball.  
You hit me in the face with a soccer ball.

I said baby  
Oh you've broken my heart  
It's like you hit me in the face with a soccer ball  
You hit me in the face with a soccer ball  
Now I don't know if I can love that off

I was standing at the goalpost yeah  
Just minding my own business and looking around  
Next thing I know out of nowhere  
I get hit in the face and then I'm disorientated  
Lying flat on the ground  
Flat on the cold hard ground

Oh  
Why'd you do it  
(Cause I can hit you in the face with a soccer ball)  
You hit me in the face with a soccer ball

I said baby  
You broke my heart  
It's like you hit me in the face with a soccer ball  
You hit me in the face with a soccer ball  
Now I don't know if I can love that off
