

## Soccer Ball

Parry Gripp

Baby

You broke my heart

It's like you hit me in the face with a soccer ball.

You hit me in the face with a soccer ball.

I said baby

Oh you've broken my heart

It's like you hit me in the face with a soccer ball

You hit me in the face with a soccer ball

Now I don't know if I can love that off

I was standing at the goalpost yeah

Just minding my own business and looking around

Next thing I know out of nowhere

I get hit in the face and then I'm disorientated

Lying flat on the ground

Flat on the cold hard ground

Oh

Why'd you do it

(Cause I can hit you in the face with a soccer ball)

You hit me in the face with a soccer ball

I said baby

You broke my heart

It's like you hit me in the face with a soccer ball

You hit me in the face with a soccer ball

Now I don't know if I can love that off
