

# One Time

PARTYNEXTDOOR

It's close to the real  
You ain't never getting fucked  
That's what they say  
They say  
One time, one time for my bad bitches  
One time, one time for my bad bitches  
Picture me rollin'  
Picture me rollin'  
One time, one time for my bad bitches  
One time, one time for my bad bitches

Expose you to the real  
Now you hate layers  
You ain't never getting fucked  
That's what they say  
They say  
One time, one time for my bad bitches  
One time, one time for my bad bitches

My sex drive is so hot  
Girl you know her time  
You know her time  
You know right now

Tell me how it feels  
Tell me how it feels  
Tell me how it feels  
Tell me how it feels

Used to be a good girl  
Now you're getting faded  
My sex drive is high

You are the only girl  
All these niggaz know they ain't for you  
Cause this pussy is all mine

Expose you to the real  
Now you hate layers  
You ain't never getting fucked  
That's what they say  
They say  
One time, one time for my bad bitches  
One time, one time for my bad bitches  
Picture me rollin'  
Picture me rollin'

Need your love right now  
Love right now  
I've been chasing money for far long  
Now where you've been?  
Baby these painkillers ain't so soft  
Bitches won't fuck me  
I can't live on my own  
I'm so high  
Are you coming down?
