

# Peace Of Mind

PARTYNEXTDOOR

All I wanna do is lay up with you  
All day  
All day  
Nothing else, nothing else  
Just spend time with you all day

But I gotta get to the money baby  
We both love these hunnids, yeah  
Once I'm finished with my job baby girl  
Yeah, I'm on my way  
I'ma cop you that new Pedro Garcia up on display  
You know I don't say things just to say things, yeah  
(Oh na na na na)  
Never felt, never held, never had no love like you  
(Oh na na na na)  
But this right here, I'm gettin' to myself  
I don't wanna lose  
(Oh na na na na)  
You  
Don't wanna lose you  
Can't, won't lose you, yeah

When it feels this good you better keep it  
(When it feels this good you better keep it)  
When it feels this good you better keep her around, yeah  
When it feels this good she get the key to the house, yeah

Because in exchange you give me peace of mind  
Baby you could take all my time (my time)  
All I needed was a piece (All I needed was a piece)  
All I needed was peace (All I needed was peace)  
Someone that gon' listen to me (Someone that gon' listen to me)  
Real niggas need real relief  
But we both dream of Tom and Chee

All I wanna do is lay up with you  
All day  
All day  
Nothing else, nothing else (Nothing else)  
Just spend time with you all day (time)  
She gave me peace of mind, yeah

I'd retire right now but I'm too young baby (baby)  
Is it love? Is it love? Or am I sprung baby? (baby)  
Gotta take it, gotta gotta take it slow now (slow)  
Haters mad I got my ducks in a row now (ducks)  
Got my lil' wifey and I'm feelin' real grown now  
She for [?] show now  
(Oh na na na na)  
I showed love to my old woman  
But never love like this (Never showed 'em love like this)  
No one wants to lose a love like this (No, no, no)  
(Oh na na na na)  
A lady with patience  
A lady with patience, yeah  
(Oh na na na na)  
I did crazy things and she still waited on me

When it feels this good you better keep it  
When it feels this good you better keep her around  
When it feels this good she get the key to the house  
I'ma treat her like my spouse

Because in exchange you give me peace of mind  
Baby you could take all my time (You could take all my time, yeah)  
All I needed was a piece (All I needed was a piece)  
All I needed was peace (All I needed was peace)  
Someone that gon' listen to me (Someone that gon' listen to me)  
Real niggas need real relief  
But we both dream of Tom and Chee

All I wanna do is lay up with you  
All day  
All day  
Nothing else, nothing else (Nothing else)  
Just spend time with you all day  
You gave me peace of mind  
You gave me peace of mind
