

# Anywhere

Passenger

If you get out on the ocean,  
If you sail out on the sea,  
If you get up in the mountains,  
If you go climbing on trees,  
All through every emotion,  
When you know that they don't care,  
Darling that's when I'm with you,  
Oh I'll go with you anywhere,

If you get up in a jet plane,  
Or down in a submarine,  
If you get onto the next train,  
To somewhere you've never been,  
If you wanna ride in a fast car,  
And feel the wind in your hair,  
Darling just look beside you,  
Oh I'll go with you anywhere,

Oh and I'll be with you,  
When the darkest winter comes,  
Oh and I'll be with you,  
To feel the California sun,  
Oh and I'll be with you,  
In the night time and when it's through,  
Oh I'll go anywhere with you,

If you get up on the hillside,  
If you ride out on the plains,  
If you go digging up dirt,  
If you go out dancing in the rain,  
If you go chasing them rainbows,  
Just to find that gold ain't there,  
Darling just look behind you,  
Oh I'll go with you anywhere,

Oh and I'll be with you,  
When the darkest winter comes,  
Oh and I'll be with you,  
To feel the California sun,  
Oh and I'll be with you,  
In the night time and when it's through,  
Oh I'll go anywhere with you,

Oh and I'll be with you,  
When the darkest winter comes,  
Oh and I'll be with you,  
To feel the California sun,  
Oh and I'll be with you,  
In the night time and when it's through,  
Oh darling, I swear,  
I'll go anywhere with you,

Oh I'll go anywhere with you  
Oh I'll go anywhere with you  
Oh I'll go anywhere with you  
Oh I'll go anywhere with you
