

Hideaway

Passion Pit

Who could love you in the way that you love you?
You're alone darling and there's nothing to argue
Your life evolves to ruin
Everyone's watching all that you're doing
Say your head's turning, maybe you should start running

Hideaway, hideaway
Where they'll never say you cannot stay
Come and play, my hideaway
Someday everything will be okay

You're not strong so you, you can hurt her so badly
You don't mean to, hurting her is too maddening
When you do it's a war in your head
What you mean to say isn't always what's said
Take a deep breath as soon as you let go

Hideaway, hideaway
Where they'll never say you cannot stay
Come and play oh, my hideaway
Someday everything will be okay

What's the point to this, feeling happiness in life?
As we fight off our demise, or love as we play into it's lies,
oh honey

Hideaway, hideaway
Where they'll never say you cannot stay
Come and play oh, my hideaway
Someday everything will be okay
