

# Can You Stand The Game

Pastor Troy

Can you stand again, baby

Sometimes I feel like I am stuck between a bad dream  
Running this race thank the Lord for his amazing grace  
Yes I believe, blessed wit G's that's around me  
Forevermore a thug buddy you can't clown me, that's on the court

Give me war, strength and power daily  
Lord bless my lady, don't let situations drive her crazy  
Baby I know, everyday it's like I gots to go, never no time  
Everything's gon' be straight though, I'm on the grind  
Love is blind, I can see it now

It's 20/20 from the 'Burban to the Benz now  
A fifth of Remi, it ain't many that can maintain  
But boo I love you 'cause I know that you can stand the game  
Stand the game

Sunny days, everybody loves them  
Tell me baby, can you stand the game?  
Storms will come, this we know for sure  
Tell me baby, can you stand the game?

Sometimes I wonder how did I become so lucky  
A million hoes, now I got a gurl that loves me  
It's kind of funny 'cause I never been the one for love  
All I was thinking 'bout was money or selling drugs, that's what it was

Young rich nigga, hoes a dime a dozen  
The older that I grew, I knew a ho ain't nothing  
It's more than fucking that was high school shit  
I moved my gurl in, it's me her and the pits

Six in the yard, I give thanks to God  
For making it easy though they say it would be hard  
And me and my gurl gon' stack it up for a while  
And when I wake up, first thing I see is her smile

And when she has my child I'll be the happiest on Earth  
And I'm a be there every second of it's birth  
And it don't even matter, if it's a girl or it's a boy  
'Cause the last name is gone be Troy, huh, the game

Sunny days, everybody loves them  
Tell me baby, can you stand the game?  
Storms will come, this we know for sure  
Tell me baby, can you stand the game?

Sometimes I wonder do you miss me how I miss you?  
Can't wait to git back to the crib so I can kiss you  
It crack me up because you could have been done gave it up  
But you stay with me 'cause no matter what you give a fuck

Therefore we stuck, together like crazy glue  
Hey baby it's me and you  
Forever we made a vow, so we gots to do it now  
I know you believe in me, just say what you wanna be

And we will have everything, if you can just stand the game

Sunny days, everybody loves them  
Tell me baby, can you stand the game?  
Storms will come, this we know for sure  
Tell me baby, can you stand the game?

Sunny days, everybody loves them  
Tell me baby, can you stand the game?  
Storms will come, this we know for sure  
Tell me baby, can you stand the game?
