

My Father Told Me

Pastor Troy

Yeahh...

God...

We need you...

So many things going on in the world today lord

I know you still waiting

Please don't leave me

(2x)

My father told me that the world 'bout to end

Said god comin' back for his men

Now I'm messaging god to forgive me for my sins

Huh, you know your son want in

I know you wonder where I've been

Do I still believe?

Am I still out chasing that cheese?

Do I tell my friends about ya?

Yeah Father God I can live without ya

I know I ain't been the best but I'm blessed and I know

You ain't just with me and my show

So I grab the mic representing my change

Make 'em think I'm god when they mention my name

No I don't do this for no fame

I don't wanna sell no cocaine

I don't wanna go to no jail

I don't wanna burn in hell

Everyday is a struggle while my family hustle

And you [?] with it

So I gotta go get it

And I gotta be perfect

Doing this was a decision

And this for all y'all religons

(2x)

My father told me that the world 'bout to end

Said god comin' back for his men

Now I'm messaging god to forgive me for my sins

Huh, you know your son want in

My father told me that the world 'bout to end (Yeah!)

Made me think about where I've been (Yeah!)

Made me think about what I do (Yeah!)

Made me wanna live my life true (Yeah!)

I'm so ready for your comeback

I wanna see you take the world back

I wanna see you make the world BOW!

Lord you can come now

Watch my parents end it to the heaven

Empty out the clip and my holy make 11

No more weapons

Ain't just salute me

Ain't gotta worry 'bout nobody try'na shoot me (POW) (awwhaa)

My great-grandmother

I walk right over and I tell her that I love her

And when he come back

It's gon' be like that

But until then I got my hard hat (UH HUH!)

My father told me that the world 'bout to end
Said god comin' back for his men
Now I'm messaging god to forgive me for my sins
Huh, you know your son want in

You know your son want in
You know I couldn't imagine
Some of the things you allowed to happen
Tornados wide as a mile
Took the life of a mother and child
Still I saw the father smile
Told me "You gotta be versatile"
Then I looked at my lil man
Shook my head
He don't even understand
One thang 'bout my god he got a plan
No I don't believe in no man
Yes I do believe in gods coming
And lemme tell y'all boys something
Better get right or you will get left
Better thank god for [?]
Better thank me for keeping it real with ya
Huh
Until the lord come and get ya

My father told me that the world 'bout to end
Said god comin' back for his men
Now I'm messaging god to forgive me for my sins
Huh, you know your son want in
