Tell It to Her

Pat Benatar

I'm the one you put all your stories on She's the one, you keep it a secret from She believes you, just like I did at the start When you wrapped up my heart, and played with my emotions

R: Tell it to her Cause I don't want to hear it Tell it to her I know why she would There's a fool born every minute When you're in it, it feels so good Why don't you tell it to her

She don't know the darker side of you She don't know what your love will put her through Your sweet talkin' makes her feel so safe and sure But that won't change what you are And I'm the one who knows it

R:

'Cause I don't want to hear it Tell it to her I know why she would There's a fool born every minute When you're in it, it feels so good

You're the one who had it all and wanted more But you can't do it to me anymore

R:

'Cause I don't want to hear it Tell it to her I don't want to hear it Tell it to her Go on and tell it to her There's a fool born every minute Tell it to her Go on and tell it to her Tell it to her
