Treat Me Right

Pat Benatar

You want me to leave, you want me to stay You ask me to come back, you turn and walk away You want to be lovers, and you want to be friends I'm losing my patience, you're nearing the end

One of these days you're gonna reach out and find The one that you count on has left you behind Don't want to be no martyr, with no one, no say Oh my, my baby, before it's too late

Treat me right, treat me right Open your eyes, maybe you'll see the light

Do you think I'm a fool, well you better think twice I've had enough baby, it's time you realized That you can't have it both ways, it's no way to live You've done all the takin', it's your turn to give

One of these days you're gonna reach out and find The one that you count on has left you behind Don't want to be no martyr, with no one, no say Oh my, my baby, before it's too late

Treat me right, treat me right Open your eyes, maybe you'll see the light Oh, treat me right

You want me to leave, you want me to stay You ask me to come back, you turn and walk away You want to be lovers, and you want to be friends I'm losing my patience, you're nearing the end

Treat me right, treat me right Open your eyes, maybe you'll see the light Oh, treat me right

Treat me right, treat me right (5x)
