

True Love

Pat Benatar

True love is scarce
Is crossed as prickles and thorns
On juniper trees

True love is rare
It's easy, falling in love
This time

True love
Isn't a fairy tale
Love isn't make believe
True love like ours
Is worth so much more than diamond rings

True love
Isn't a fairy tale
Love isn't make believe
True love like ours
Is worth so much more than diamond rings

True love is no fashion
True love is antique
Love is embellished with lust and need

True love is much more scarce than money
Love in our pockets, we'll never go hungry
In separate ways
(And everyone says)

True love
Isn't a fairy tale
Love isn't make believe
True love like ours
Is worth so much more than diamond rings

True love
Isn't a fairy tale
Love isn't make believe
True love like ours
Is worth so much more than diamond rings

True love
Isn't a fairy tale
Love isn't make believe
True love like ours
Is worth so much more than diamond rings

True love
Isn't a fairy tale
Love isn't make believe
True love like ours
Is worth so much more than diamond rings

True love
Isn't a fairy tale
Love isn't make believe
True love like ours

Is worth so much more than diamond rings
