## We Live for Love

**Pat Benatar** 

Your love's contagious, one kiss is dangerous But I have more to risk, than you to lose I feel passion growing I know that love is only just one inch away, from striking us We Live For Love We Live For Love

When we get tired, and watch the summer fade away Will you think of romance, what will we do? Is there a place where we can go? Where time stands still for those who know? Till eternity we'll fulfill our desires

We Live For Love We Live For Love We Live For Love

I never planned to win the race But you convinced me face to face There was never a chance of losing at all

We Live For Love We Live For Love We Live For Love We Live For Love

We Live For Love We Live For Love We Live For Love
