

## It's Too Soon To Know

Pat Boone

Does she love me  
It's too soon to know  
Can I believe her when she tells me so  
Is she fooling  
Is it all a game  
Am I the fire or just another flame  
A one-sided love would break my heart  
She may be just acting and playing a part

If she don't love me  
Let her tell me so  
I won't hold her if she wants to go  
Though I'll cry when she's gone  
I won't die  
I'll live on  
If it's so  
It's too soon  
Way too soon to know

If she don't love me  
Let her tell me so  
I can't hold her if she wants to go  
Though I'll cry when she's gone  
I won't die  
I'll live on  
If it's so  
It's too soon  
Way too soon to know
