

Just As Long As I'm With You

Pat Boone

On a high and peaceful mountain
Or a crowded avenue
Anyplace is Heaven
Just as long as I'm with you

Stranded on a distant island
In a penthouse with a view
Anyplace is Heaven
Just as long as I'm with you

You make bright even brighter
Darling, with your smile
You make light even lighter
You make my life worthwhile

In a shabby little cabin
Or a castle white and new
Anyplace is Heaven
Just as long as I'm with you

In a shabby little cabin
Or a castle white and new
Anyplace is Heaven
Just as long as I'm with you
