

## Sugar Moon

Pat Boone

Oh, sugar moon  
Come out tonight  
Bring me your glow  
Of angel light

Here in my arms  
Our love will bloom  
If you will shine  
Oh, sugar moon

While you shine down  
From up above  
I'll hold her close  
And talk sweet love

And in your glow  
We'll hear love's tune  
Then she'll be mine  
Oh, sugar moon
