

Twixt Twelve And Twenty

Pat Boone

They say the years
Twixt twelve and twenty
Are the years of
Confusion and doubt

We all have fears
Twixt twelve and twenty
But through love we'll learn
What life is all about
Are we old enough
To feel such deep devotion
Don't they know love is
Ageless when it's true

There'll be no tears
Twixt twelve and twenty
If you just have faith and
Trust in my love for you

There'll be no tears
Twixt twelve and twenty
If you just have faith and
Trust in my love for you
