Going Away

Pat Green

Lately I'm feelin' kinda broken
Like a man that swerves through the world
And I ain't got no explanation
And if I did, know I'd sound absurd

But I can't change a thing
No matter what I do
You don't care what I say
I can't hide the pain anymore
Oh, I'm going away

Just a need a way to keep the rain out
And land with my both feet on the ground
But everytime I go to stand up on my own
You come along, come along and then you knock me down

But I can't change a thing
No matter what I do
You don't care what I say
I can't hide the pain anymore
Oh, I'm going away

So maybe I'd break out for the mountains
Maybe I'd be south bound to Mexico
When you comin' beggin', pleadin' you said, "Baby please don't
leave"
Well I made up my mind, I made up my mind it's time to go

I can't change a thing
No matter what you do
But you don't care what you say
I can't hide the pain anymore
Oh I'm going away, oh I'm going away
