

# One Thing

Pat Green

I used to be so down and out  
I used to be so blue  
Now the only thing I talk about  
And the only thing I do

Is stand around like a school kid  
Just off the merry-go-round  
And if I'm dizzy it's because I'm headed  
To the one good thing I'd found

Yeah the one thing is good as gold  
I'm nothing without you too hold  
Yeah the one thing I know in this world  
Is that I need you to be my girl

I got so good at hiding  
I couldn't find myself  
Yeah but girl you got me smiling  
Feeling like somebody else

I guess you changed my makeup  
I ain't the same sad clown  
Yeah ever since you showed up  
This ain't the same sad town

Yeah the one thing is good as gold  
I'm nothing without you too hold  
Yeah the one thing I know in this world  
Is that I need you to be my girl

One thing is good as gold  
I'm nothing without you too hold  
Yeah the one thing I know in this world  
Is that I need you to be my girl

You're the one thing  
You're the one thing  
You're the one thing
