

Over And Over

Pat Green

I feel like getting out of here
I feel like giving up
I give my best and you punch and you kick me
Then you tell me that I ain't enough

Everybody know what's gonna happen
Everybody know what's in store
I give you everything that you ask me
Now I just can't give it anymore

Over and over and over and over
What kind of spell have you got me under
Over and over and over and over
What kind of spell have you got me

Under the gun, out of my mind
I lost my brain and that's just fine
I'm just a fool, no, it ain't cool
But I am still in love with you

I don't know why I'm getting so angry
And I just know that I'm getting bored
After all the crap that's happened
I hear my heart break and it's knocking at the door

Over and over and over and over
What kind of spell have you got me under
Over and over and over and over
What kind of spell have you got me

Under the gun, out of my mind
I lost my brain and that's just fine
I'm just a fool, no it ain't cool
But I am still in love with you

Open your eyes, hey, lighten up
You look like nails but you ain't that tough
You got what you want 'cause I'm still here
No I ain't going anywhere

Under the gun out of my mind
I lost my brain and that's just fine
I'm just a fool, no it ain't cool
But I am still in love with you

Over and over and over and over
What kind of spell have you got me under
Over and over and over and over
What kind of spell have you got me
