

# Air Underneath My Feet

Patent Pending

Have I ever told you about the way things were on the night we met  
And how the moon crashed down when the sun was set  
And laid behind the clouds to make room for the night  
Its alright you don't remember  
We were both 18 so the story goes and it was 10:15  
But nobody knows just how we both wound up,  
Just how we both found our way here  
Well I know conversation settled in  
(to the beat of your heart)  
And I can feel the room begin to spin  
I found the reason, finally found that I can feel the air underneath  
my feet  
The writing on the wall says its time to leave  
And we can fall in love if we just let go  
And we can fall apart, but we never know  
The night played out like a movie screen  
Or like a picture you could find inside a magazine  
She said I'm sorry but I don't think that I got your name  
Its unimportant, but hey its so important that you watch this room sp  
in  
For you to sit back and let it settle in  
For you to just hear the sound of us lifting off the ground  
Well I know conversation settled in  
And I can feel the room begin to spin  
I found the reason, finally found that I can feel the air underneath  
my feet  
The writing on the wall says its time to leave  
And we can fall in love if we just let go  
And we can fall apart, but you never know  
And I can feel the air underneath my feet  
The writing on the wall says its time to leave  
We can fall in love if we just let go  
And we can fall apart, but we never know  
And I've been meaning to say how I love you  
And I've been meaning to say how I need you  
And I've been meaning to say how I wont spend a day without you  
Without you  
And I've been meaning to say how I love you  
And I've been meaning to say how I need you  
And I've been meaning to say how I wont spend a day without you  
Without you, without you  
Woah oh, woah oh, woah oh oh  
Woah oh, woah oh, woah oh oh  
And I can feel the air underneath my feet  
The writing on the wall says its time to leave  
And we can fall in love if we just let go  
And we can fall apart, but we never know  
And I can feel the air underneath my feet  
The writing on the wall says its time to leave  
And we can fall in love if we just let go  
And we can fall apart, but we'll never know
