

# Dear Stacy I Hate You

Patent Pending

So what's another word for I hate you  
What's the right pronunciation for complete abomination  
Cause I'm writing up a letter to give you  
With a total explanation of my disassociation  
With your Shotgun hips, your poison soaked lips  
and your famous reputation  
lets stop in town  
A Homemade Train wreck  
Baby too bad I miss that you're crazy  
I'm over this and  
Dear Stacy, I thought that you should know  
I hate you so much  
Dear Stacy can't get any worse  
So don't baby cause you know how this works  
so don't hate me, I found the words I swear  
I won't pretend to care, you're my worst nightmare  
Hey Hey Hey  
I'm coming by to get my stuff  
I know that it's been rough on you  
but I couldn't care less  
A day in, a day out  
You can scream, you can shout  
This is my termination of heavy obligation  
With your Shotgun hips, your poison soaked lips  
and your famous reputation  
lets stop in town
