

# The Way You Make Me Shake

Patent Pending

This is a song about the way you make me shake  
You got me thinking on those nights I lye awake  
You got me nervous about the love that we don't make  
This is a song about the way you make me shake  
You've got me wondering if you ever lye awake  
You've got me nervous about the chances I don't take  
Just take my heart because it's yours to hold and yours to break  
The way you make me shake  
Now that you've got me where you want me it's on me to be the best that I can  
I'll bring the bread because girl you the jam  
A sight for sore eyes it's your eyes that keep me moving at night  
I'd be willing to fight  
You've got me fighting through the winter  
Whoa you got me waiting for  
the summer you sun to shine  
You got me waiting on the weather  
You got me waiting for the fall to make you mine oh baby  
If you love me show a sign  
This is a song about the way you make me shake  
You got me thinking on those chances i don't take  
Just take my heart because it's yours to hold and yours to break  
The way you make me shake  
Oh girl don't tell me that you're  
leaving I'm screaming for you to give me a chance  
You've got my heart so could  
I please have this dance  
Oh girl it's high time that you shine and give this city some light  
Let's leave a mark on tonight  
You've got me fighting through the winter  
Whoa you got me waiting for the summer you sun to shine  
You got me waiting on the weather  
You got me waiting for the fall to  
make you mine oh baby  
If you love me show a sign  
I've been waiting forever  
forever
