

The Demon Awakens

Pathfinder

Your life belongs to me! ? Whose voice speak inside me?
I'm your destination! ? Tell it to your bastards!
Demon! Back to the hell! Godforsaken Angel!
You'll never taste the freedom! Try to kill me a second time...

I will follow my way, where the starlight
Of heaven sweetens my eternal dream...
... so alone... but I don't need an escape ? I'm starting the journey
,
Which appeared to me in an oracle's prophecy!

"... Find the name of god, who lets you die,
(Find the name of god, Find the truth of life)
Burn unholy signs, a temple of lie!
(Find the name of god, burn unholy signs)
Fly on wings of destination,
Where the shadows from the past recall your mortality!"

Your Kingdom will be mine now! ? I will return and find you!
A thousand flames from heaven burn my land!

The journey of the marshland where the oracle's eye,
It's knowledge of immortal wisdom tells me what I am!

My life? What has happened to it? I remember my death,
But am I a human still?
... But my fate... I'll never see them again!
My brothers and sisters I'll revenge your suffering, cries and death!

"... Find the name of god, who lets you die,
(Find the name of god, Find the truth of life)
Burn unholy signs, a temple of lie!
(Find the name of god, burn unholy signs)
Fly on wings of destination,
Where the shadows from the past recall your mortality!"

The question of Your life is carved down on Your hand.
The answer deep inside Your heart needs time.
Beware!
I will follow my way! Where the eye of oracle will show me
The direction of my destiny!

"... Find the name of god, who lets you die,
(Find the name of god, Find the truth of life)
Burn unholy signs, a temple of lie!
(Find the name of god, burn unholy signs)
Fly on wings of destination,
Where the shadows from the past recall your mortality!"
