

Reborn to Kill

Pathology

Reborn to kill, infected...
with this knife I slit the throat
blood spills and feeds the slugs
empty eyes of your killer
as your begging for redemption
exalting the knife deeper in the cavities
ripping organs and vital systems
your last breath is shallow
as the grave I bury my dead
impaled is my dead human
I am your fucking nemesis
Raise the suffer united
Fucking human scum
lives destroyed and heads removed
for they blood filled abominations
Reborn to kill
I remove the spinal cord
and with it strangle my next victim
to dispose of these vile creatures
acid is poured on the mass of human crap
Reborn from the dead, suffering enemies
MURDER,,HATE,,KILL...
Blood filled within pain, knife slides into the throat
decapitating the head, and throw it away
empty eyes of your killer
as your begging for redemption
MURDER,,HATE,,KILL...
Reborn to kill
