

Don't Blame Me

Patrice Rushen

Don't you blame me
For wanting you
Don't you blame me
For wanting you

Baby you just don't know
How I like when you are near
You just don't let me show
That my feelings are sincere

Thought you don't notice me
I'm so much in love with you
Darling you're just too much
I like the way you do what you do
Yeaheayeaeheyeah

Don't you blame me
For wanting you
Don't you blame me
For wanting you
Don't you blame me
For wanting you
Don't you blame me
For wanting you

Now I'm not tryin to... you
But learn what you're just all about
Just as the... get throught
You turn around then sha... me out

I can't stop loving you
The truth is that I like your style
You're always on my mind
Can't you see you're drivin me wild?
OUhOUhOUHOUHOUH,

Don't blame me
For wanting you
Don't you blame me
For wanting you

Oh when I look into your eyes
Can I get you by surprise?
Won't you blame me?

All I really want is you
Cause I like the things you do
Won't you blame me?

I am so in love with you
Don't pretend because it's true
Won't you blame me?

I so want you for my baby
... Going crazy
Won't you blame me?
