When My Feet Were In Shackles And My Hands Were In Chains You Took My Mind And Made It Settle In A Land So Far Away

When I Was Toiling In The Fields (Yeah)
You Made Me Push On Through
Yes I'm Head Over Heels,
Over Heels In Love With You
Yes I'm Head Over Heels,
Over Heels In Love With You

When I Was In The Womb You Made Me Wanna See This World Every Setting Of The Moon I Dreamt Of You Being My Girl

Say Ooh I Can't Deny
Without You I Would Be Dead
And The Day That I Die
I Die With You In My Head,
Yes The Day That I Die
I Die With You In My Head,
In My Head In My Head

There's Just No Get Away When You're Dancing In My Brain When I'm Cruising On Your Waves Coulda Never Go Astray (Ooh) Repeat Chorus

Everything Is Music
I Just Put Parts In A Frame
To Capture This Very Moment
And Never Let It Go Away
They Use You And Abuse You
And Treat You Like A Thing
Forever I'll Be Faithful
Have Your Back Untill The End
Forever I'll Be Faithful
Have Your Back Untill The End
