

Thought I'd Never Find You  
There Ain't No One Like You  
I Put My Love Inside You  
There Ain't No One Like You

Tomorrow's Kiss Won't Feel The Way It Feels Today  
Tomorrow's Wish Will Miss These Lips Feeling The Same  
Tomorrow's Touch Won't Be Touching You Quite This Way  
Don't Play Hate  
Tomorrow I'll Be Telling You All Of This Once Again  
"But Usually" - I Don't Care 'bout Usually  
Today Is Different 'cause Today It's You And Me  
It Feel' So Good To Loose Victoriously"  
Come Speak With Me...Victoriously

Nobody Knows What Tomorrow Holds For Us  
Should Live Today Like This Day Could Be Our Last, Plus -  
Before This Touch Before This Grasp Becomes The Past  
It Is A Must - To Feel This Fully  
One Day You Might Say I Repeat Myself That's True  
When That Day Arrive' I'll Come Up With Something New  
But For Today This Ya One Will Do  
Don't Care 'bout Then Just Wanna Be With You - Right Now

We Link Up From Before We Link Up Ina Flesh  
I'm Sinking Syncopating While I Synch Up With Your Breath  
Kinkydelic Visions Years Turn Month Then Weeks Then Minutes  
Then Moments Then Indefinite Then Infinite - Come Again  
Come Sink With Me To The City Under The Sea  
So Deep Under The Waters Where Time Is Standing Still  
We Chill And Take A Rest From Life's Troubles And Life's Stress  
A Place Where No Equals Yes  
See Who My Eyes Reflect!?
