Company

I'll remember you too clearly But I'll survive another day Conversations to share When there's no one there I'll imagine what you'd say

I'll see you in another life now, baby
I'll free you in my dreams
But when I reach across the galaxy
I will miss your company

Company

I'll be looking for company Look and listen Through the years Someday you may hear me Still crying for company

So now you're going off to live your life You say we'll meet each other now and then But we'll never be the same And I know I'll never have this chance again No not like you

So, I'll see you in another life now, baby I'll free you in my dreams
But when I reach across the galaxy
I will miss your company

Company

I'll be looking for company
Look and listen
Through the years
Someday you may hear me
Still crying for company
