Patrick Nuo

Like a thunderstorm on a summer day  
She came out of nowhere and that can say  
She's a supernova shinin' through the night  
A never sleeping satellite

She's a damn good reason for the sun to ride  
When you see her smile in the morning light  
When she cries, she cries a wishing well  
Played hide and seek with the hounds of hell

She throws you down to take you high  
Into her private sky

She's so  
Beautiful beautiful beautiful beautiful beautiful  
Beautiful beautiful beautiful beautiful beautiful  
Magical, mystical, irresistible, cosmical  
A wonderful overkill and most of all beautiful  
Ooooh ooh ooh aha  
Ooooh ooh ooh  
She's so ooh ooh ooh  
aha ooh ooh ooh  
Beautiful  
mmh so beautiful

You wanna call her name from the highest hill  
And she's better than a 5-million-dollar bill  
She swims with you to atlantis' coast  
To keep you save while the world explodes

She's diving down to keep you high  
Inside her velvet sky

She's so  
Beautiful beautiful beautiful beautiful beautiful  
Beautiful beautiful beautiful beautiful beautiful  
Magical, mystical, irresistible, cosmical  
A wonderful overkill and most of all beautiful  
Ooooh ooh ooh  
She's so beautiful  
She's so ooh ooh ooh  
Aha ooh ooh ooh  
Beautiful

She's a mermaid who's left her fairytale  
She wrote a brandnew song for the nightingale  
Sometimes I think she's invented but  
Thank-god she's made of flesh and blood.

She's everything I've ever missed the more  
But most of all she is

Beautiful beautiful beautiful beautiful beautiful  
Beautiful wonderful powerful magical mystical  
Irresistible overkill and most of all beau-ti-ful  
Ooooh ooh ooh aha  
She's so beautiful

She's so ooh ooh ooh  
Aha ooh ooh ooh
