Come on over - let me stroke your hair
Try to look into your eyes But there's no one there
A scene of destruction - no sign of doubt
All I want is - just some way out

Cold things never catch fire
Help me out of this you beautiful liar
I don't regret the day we met
But eject my heart
Cold things never catch fire
Help me out of of this beautiful liar
I forgive you for all you haven't done
But eject my heart it's my only one

You say you must be goin'Standin' in the door
You didn't dare to need meYou didn't talk anymore
I feel no affection in your last embrace
Seems love itself has left this place

Why should i cry For love at anyonce

ooohh oh oh ooooh

yeah yeah yeaaah

Cold things never catch fire
Help me out of of this beautiful liar
I forgive you for all you haven't done
But eject my heart it's my only one
