

# Run Dry (X Heart X Fingers)

Patrick Stump

One more shot, then I'm quitting forever  
Cross my heart, cross my fingers  
Woke up this morning  
The room was spinning  
And I don't remember what I did last night  
Beg the ceiling for forgiveness  
And I don't want to remember what I did last night  
When I was drunk I might have said some things I didn't mean  
It's nothing wrong with you, it's something wrong with me

I'm running dry from now on  
How come no one believes me?  
Believe me

Step one: drink  
Step two: make mistakes  
Step three: pretend you don't remember  
Step four: drink a little more  
Step five: I need to run dry  
I need to run dry

My liver's killing me  
But willingly I'm going to tell whoever asks that I feel all right  
I beg the ceiling for forgiveness  
And I don't want to remember what I did last night  
When I was drunk I might have said some things I didn't mean  
It's nothing wrong with you, it's something wrong with me  
Step one: drink  
Step two: make mistakes  
Step three: pretend you don't remember  
Step four: drink a little more  
Step five: I need to run dry  
I need to run dry  
I'm gonna take one more shot  
Then I'm quitting forever  
Cross my heart  
Cross my fingers

I'm gonna take one more shot  
Then I'm quitting forever  
Cross my heart  
Cross my fingers

I get drunk a little too much  
For it to be healthy  
No one wants to tell me...  
Whisky  
I'm trying to cut back  
Wine  
I'm trying to cut back  
They say everything in moderation  
But I'll drink you under the table  
I'm not just drunk  
I really think I'm in love with you  
(Okay, I really am just drunk)

Step one: drink

Step two: make mistakes  
Step three: pretend you don't remember  
Step four: drink a little more  
Step five: I need to run dry  
I need to run dry

I'm gonna take one more shot  
Then I'm quitting forever  
Cross my heart  
Cross my fingers

I'm gonna take one more shot  
Then I'm quitting forever  
Cross my heart  
Cross my fingers
