

# Broken

Patrick Watson

Tell me where we're going tonight  
Home is better than wandering in our heads  
We tried everything to save our love  
The best was always waiting to come  
Did we dig too deep  
For fifty-one reasons not to lose our souls?  
And it's not that you're not the one  
And it's not that you're not the one  
We all need a little peace

Do you feel a little broken?  
Do you feel a little broken?

Tell me where we're going so fast  
Never used to run when we were young  
And I'm running out of words  
I still love you like the very first time  
Pack your bags with all the lives you've been before  
And leave behind what you don't want no more  
Sometimes sometimes you wanna wanna go back  
But it don't work like that

Do you feel a little broken?  
Do you feel a little broken?

Do you feel a little broken?  
Do you feel a little broken?

Memories come and then they go  
You just learned how to let go  
Sometimes sometimes you wanna wanna go back  
But it don't work like that

Do you feel a little broken?  
Do you feel a little broken?

Do you feel a little broken?  
Do you feel a little broken?
