

Weight Of The World

Patrick Watson

I got my feet knocked off the ground
I got my head knocked off my feet
I tried to swallow all of the world
And now I'm diving in too deep

And now I'm falling towards the sky
I just don't know how to unwind
But I got the weight of all the world
I better not let go of the hope

Oh what am I supposed to do?
Am I supposed to let go all you?
Am I supposed to fall back to the sky?
Or keep on rising for a while?

I think I'm falling down
Right back to the very ground
I could not hold it anymore
I think I got what I was asking for

I think these just might fall
Or I don't see a correct shade to change my world
I was carrying the weight of all the world
I think I get what I deserve

I got my feet knocked off the ground
I got my head knocked off my feet
I tried to swallow all of the world
And I think I got in real deep

Thinking, now I have to go
I think you know what I deserve
Here comes all the weight of all the world
And its coming straight for me
