

# Secret Garden

Patrick Wolf

Turning the key  
Over and over

(Feral in my fear)gfr

Down  
Down  
Down  
I have fallen  
Down  
Down  
Down  
Falling

Won't you let me into the garden?

Now

Trying to get into the garden  
In danger of the death  
And failure of the flesh  
I fall down
