

# I Don't Go Shopping

Patti LaBelle

I don't go shopping for love  
You're somethin' money can't buy  
I dream in colors and my dreams  
Are all in shades of you, so I'm never blue

I don't go wishing on stars  
Just wanna be right where you are  
Too many times it felt so right  
But it was just the night, now I see the light

I don't care nothin' about goin' out  
Now that I've found out what it's all about  
Hear me shout, I've saved it all up for you  
So if you feel like I do, well, we're long overdue

I'm never out after dark  
You'll always find me right here at home  
If you're allowed to stay up late  
Then please don't hesitate 'cuz I can only wait

I don't care nothin' about goin' out, no, no  
Now that I've found out what it's all about  
Hear me shout, I've saved it all up for you  
So if you feel like I do, well we're long overdue, oh

I don't care nothin', nothin' about goin' out, baby  
Now that I've found out what it's all about  
Hear me shout, I've saved it all up for you, babe  
So if you feel like I do, oh, well we're long overdue, oh

I don't care nothin', nothin' about lovin' around, baby  
I've been there and I found out what it's all about  
Hear me shout, I saved it all up for you  
So if you feel, feel like I do, well we're both long overdue

And I can't, I just can't, I can't go shopping for love  
How about you? How about you?  
I know exactly what it's all about  
And I'm happy, happy our love for two baby
