

# Something Special (Is Gonna Happen Tonight)

Patti LaBelle

I just met you, yet I'm feeling  
It's just like somehow, we've met somewhere before  
I think I love you  
In my dreams, one hundred times or maybe more

Oh, sweet sensations, the vibrations  
You know it's got my imagination running wild  
I'm gonna hold you  
I'm gonna love you like it's going out of style, oh

What a connection  
I just can't conceal it  
There's a kind of magic in the air  
Oh, I can feel it

Something special is gonna happen tonight  
I want you to know that  
Something special is gonna happen tonight  
I promise something good for you

I think you're coming, I keep you going  
You'll have kisses overflowing just like wine  
You ain't had nothing  
Until you've had a little indication of mine, oh

You got a home girl  
And I am gonna feed it  
I've never had this kind of love before  
I guarantee it

Something special is gonna happen tonight  
I want you to know that  
Something special is gonna happen tonight  
I promise something good

And if you're thinkin'  
This is as good as it can get  
Boy, I need to tell you  
Oh, you ain't seen nothing yet

What a connection  
I just can't conceal it  
There's a kind of magic in the air  
Oh, I can feel it

Something special is gonna happen tonight  
I want you to know that  
Something special is gonna happen tonight  
I promise something good for you

Something special is gonna happen tonight  
I want you to know that  
Something special is gonna happen tonight  
I promise something good for you

Something special is gonna happen tonight  
I want you to know that

I ain't gonna turn you loose  
I ain't gonna turn you loose  
I ain't gonna turn you loose

Something special is gonna happen tonight  
I promise something good

Special, special, special tonight  
Special, special, special tonight  
Special, special, special tonight  
Special, special, special tonight
